

Topic: Long-term Tech Center Closure Recommended, Learning to Continue

March 23, 2020

Dear Western Technology Center community:

Today, state officials announced they will recommend to the state Board of Education that Oklahoma students not return to the classroom for the remainder of the current school year as our state continues to fight the spread of COVID-19. They will instead recommend a continuous learning plan that will allow students to complete the school year at home. **It is important to note that this decision is not final until the state Board of Education meets on Wednesday, March 25 and votes to approve the recommendation.**

This recommendation would impact components of Oklahoma CareerTech technology centers. Western Technology Center is developing a plan to ensure our students will continue to have opportunities to learn. Details of the plan will be shared with students in the coming days.

Please stay safe. As always, we appreciate your support of WTC.

Sincerely,

Hoyt Lewis
Superintendent
